Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

**ADOPT RESOLUTION AUTHORIZING EXECUTION OF AGREEMENT TO  
SUBGRANT GRANT FUNDS TO COUNTY OF LOS ANGELES FROM THE STATE  
WILDLIFE CONSERVATION BOARD UNDER THE RECOVERY LAND ACQUISITION  
GRANTS PROGRAM  
(Third District – 3 Vote Matter)**

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Find that the proposed actions are categorically exempt from the provisions of the California Environmental Quality Act as cited herein.
2. Adopt the attached resolution authorizing the execution of the Agreement to Subgrant, which subgrants federal grant funds to the County of Los Angeles (County) from the Wildlife Conservation Board (State).
3. Approve and authorize the Director of Parks and Recreation to execute the attached Subgrant Agreement Number SG-6009LD for the acquisition of 30+/- acres of land in the Malibu, identified as the La Sierra Canyon Project in the amount of \$427,680.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Approval of the recommended actions will allow the Department of Parks and Recreation (Department) to facilitate the acquisition of 30+/- acres of land located in Malibu, APN No. 2058-010-008, in the County of Los Angeles, California for the La Sierra Canyon Project.

As the grant funds were only recently made available to the Department for this acquisition, and due to the Wildlife Conservation Board's schedule, the Department was

required to return the signed agreement within two days to allow it to appear on the Wildlife Conservation Board's May 24 agenda. The Department executed the agreement with the understanding that the Board resolution and Board authorization for the grant would be required. If your Board does not approve these actions, the Department will notify the WCB to remove the funding agreement from its agenda.

The proposed acquisition will be for the purposes of plant and wildlife habitat preservation, restoration and management, wildlife-oriented education and research, and for compatible public uses, all as may be consistent with wildlife habitat preservation and the provisions of the Grant Agreement with the Department of the Interior, acting through its Fish and Wildlife Service (the FWS) and the State of California, acting through its Department of Fish and Game, Wildlife Conservation Board (State).

#### **Implementation of Strategic Plan Goals**

Approval of the recommended actions support County Strategic Plan Goal No. 4 (Fiscal Responsibility) by increasing the Department's public/private partnerships, managing our resources effectively, and investing in the public infrastructure; Goal No. 5 (Children and Families Well-Being) by improving the health, economic well-being, safety and survival, emotional and social well-being, education/workforce readiness of the children and families of the County; and Goal No. 6 (Community Services) by improving the quality of life for residents by offering a wide range of services responsive to each community's specific needs.

#### **FISCAL IMPACT/FINANCING**

There is no impact on the General Fund. The current cost of the acquisition is currently estimated at \$710,000. The State grant would provide \$427,680 toward the purchase price and would be paid directly into escrow. The Department is currently working to identify the remaining funds to purchase the property and will return to your Board at a later date to appropriate the funding for both the State grant and the additional funds when they are identified. If the Department is unable to identify the remaining funds, there will be no cost to the County as the grant would simply expire

#### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The Department of the Interior, acting through its FWS and the State of California, acting through its Department of Fish and Game, Wildlife Conservation Board (State), entered into Grant Agreement No. E-10-RL-1 to facilitate the acquisition of real property identified in the Grant Agreement.

The FWS permits the State to subgrant FWS grant funds to another state or local agency or non-profit organization (potential recipients), conditioned on the grant funds being used to acquire the identified real property and the potential recipient agreeing to accept all of the provisions and obligations set forth in the FWS Grant Agreement No. E-10-RL-1. The State is willing to enter into Subgrant Agreement No. SG-6009LD with the County to purchase the 30+/- acres of land in the County.

The grant requires a 71.2 percent match of non-federal funds, which will be accomplished through the identification of the remaining funding to complete the purchase as well as the excess value of the property and other parcels based on the appraised value.

County Counsel has approved these actions as to form.

#### **ENVIRONMENTAL DOCUMENTATION**

This acquisition is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Sections 15313, 15316 (a) and 15325 (a) of the State CEQA Guidelines and Classes 16 and 25 of the County's Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987, because the acquisition provides for wildlife conservation, creation of additional parkland and preserves existing natural conditions.

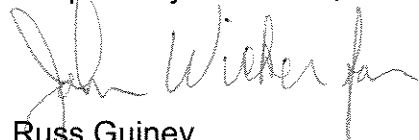

#### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The proposed actions will not have any impact on current services or projects.

#### **CONCLUSION**

Please instruct the Executive Office-Clerk of the Board to return three conformed copies of this action to the Chief Administrative Office, Capital Projects Division, and to the Department of Parks and Recreation.

Respectfully submitted,

Russ Guiney  
Director

**Whereas**, the Department of the Interior, acting through its Fish and Wildlife Service (the FWS) and the State of California, acting through its Department of Fish and Game, Wildlife Conservation Board (State), have entered into Grant Agreement No. E-10-RL-1, to facilitate the acquisition of real property identified in said Grant Agreement; and

**Whereas**, the FWS will permit State to subgrant FWS grant funds to another state or local agency or non-profit organization (potential recipients), conditioned on the grant funds being used to acquire the identified real property and the potential recipient agreeing to accept all of the provisions and obligations set forth in said Grant Agreement; and

**Whereas**, Grant Agreement No. E-10-RL-1 provides that State, with the approval of the FWS, will request the disbursement of grant funds and direct those grant funds to an escrow account currently established for the purpose of facilitating the acquisition of real property; and

**Whereas**, State has the responsibility to direct the deposit of grant funds to an escrow account established specifically for the purpose of purchasing the identified real property; and

**Whereas**, the County of Los Angeles, a County, has identified and holds an option to acquire one parcel in Los Angeles County that meet the requirements of and in fact are identified in Grant Agreement No. E-10-RL-1; and

**Whereas**, the County of Los Angeles is aware that the Grant Agreement provides that the non-federal share of funding, constituting seventy-one and 2/10ths percent (71.2%) of the total project cost as set forth in the Grant Agreement, must be provided as a match for the federal funds, and further, that a previously acquired property, meeting qualifications established by the FWS, may be used as a substitute for the non-federal share of funds (the in-kind match).

**Now therefore**, State and the County of Los Angeles agree to a subgrant of the FWS grant funds to the County of Los Angeles in accordance with the following terms and conditions.

Pursuant to Chapter 4, Division 2 (commencing with Section 1300) of the California Fish and Game Code, the Wildlife Conservation Board (the "State") hereby agrees to subgrant to the County of Los Angeles (Subgrantee) an amount not to exceed the sum of Four hundred twenty-seven six hundred eighty and 00/100ths Dollars (\$427,680.00) ("Grant Funds"), subject to the terms and conditions of this Agreement to Subgrant.

1. **PURPOSE OF GRANT**

The Department of Fish and Game (DFG), by and through the Wildlife Conservation Board (State) is making this Subgrant, using funds granted to DFG by FWS (the Grant Funds), for the purpose of facilitating Subgrantee's acquisition of 30± acres of land, more or less, located in the County of Los Angeles, California (the "Property"). The Property is more particularly described in **Exhibit A**, which is attached hereto and made a part hereof by this reference.

Subgrantee agrees that if the Grant Funds are received and it acquires the Property, such acquisition will be for the purposes of plant and wildlife habitat preservation, restoration and management, wildlife-oriented education and research, and for compatible public uses, all as may be consistent with wildlife habitat preservation and the provisions of Grant Agreement R-10-RL-1.

2. **CONDITIONS OF SUBGRANT**

2.1. Conditions Precedent. As conditions precedent to State's obligation to deposit the Grant Funds in escrow:

- i. Subgrantee and State understand and agree that Grant Funds will be used as purchase money only, which excludes escrow and title fees and any other fees and costs incurred to accomplish the transaction and the conveyance of the Property.

ii. Subgrantee includes as **Exhibit B** hereof a true copy of such resolution or other formal action of Subgrantee's governing Board as will provide evidence that the signatory hereto has been duly authorized to execute this Agreement to Subgrant on behalf of Subgrantee; and

iii. State shall have reviewed and approved in writing all documents pertaining to Subgrantee's acquisition of the Property, including any appraisals, preliminary title reports, agreements for purchase and sale, escrow instructions and the instruments of conveyance. Such review and approval by State shall be timely and shall not be unreasonably withheld.

iv. FWS shall provide the Grant Funds.

v. FWS shall confirm that the State funds used to acquire certain previously acquired qualifying property can be credited toward the non-federal matching funds requirement associated with the proposed transaction.

2.2. Essential Conditions. Upon the last to occur of (1) receipt of the Grant Funds and (2) acquisition of the Property, Subgrantee agrees:

i. that it will use, operate, maintain and manage the Property consistent with the "PURPOSE OF GRANT" as stated in Section 1 hereof.

ii. that Subgrantee is responsible for recognizing the cooperative nature of this project and shall provide credit to State and FWS, and any other contributor on signs, demonstrations, promotional materials, advertisements, publications or exhibits prepared by the Subgrantee referencing this project

iii. that the Property (including any portion of it or any interest in it) may not be sold, exchanged, or otherwise conveyed without the written approval of State, or its successor, provided that such approval shall not be unreasonably withheld as long as the purposes for which the Grant was awarded are maintained and all the Grant conditions must be passed on to any successor in interest. It may be necessary for State to obtain the approval of FWS prior to approving the conveyance from Subgrantee to another entity.

iv. that the Property (including any portion of it or interest in it) may not be used as security for any debt without the written approval of State, or its successor, provided that such approval shall not be unreasonably withheld as long as the purposes for which the Grant was awarded are maintained. It may be necessary for State to obtain the approval of FWS prior to approving the use of the Property as security for debt.

v. that Subgrantee shall record, concurrently with close of escrow in the purchase of the Property, a Notice of Unrecorded Agreement to Subgrant, incorporating by reference this Agreement to Subgrant and giving public notice that Subgrantee received funds under this Agreement to Subgrant in order to assist Subgrantee in acquiring the Property and that, in consideration for the receipt of the Grant Funds, Subgrantee has agreed to the terms of this Agreement to Subgrant. The Notice shall be in the form attached hereto as **Exhibit C**.

vi. that at the request of State, not more than once in any calendar year, commencing at the close of escrow, Grantee shall make arrangements and secure the necessary approval, if any, to allow designated staff of Grantor and/or DFG to access the Property to assess compliance with the terms and conditions contained herein.

3. **BREACH OF ESSENTIAL CONDITIONS**

3.1. In the event of Subgrantee's breach of any of the Grant conditions in section 2.2, State shall give written notice to Subgrantee, describing such breach. Notice shall be deemed given when deposited in the U.S. Post Office, postage prepaid, addressed to Subgrantee, or by personal delivery to Subgrantee's place of business.

3.2. If Subgrantee does not, within ninety (90) days of notice given, cure the breach described in State's notice or, in the event the breach is not curable within said ninety (90) days or Subgrantee fails to commence such cure, then Subgrantee shall be in default ("Default") under this Agreement to Subgrant.

4. **REMEDIES**

In the event of a Default under this Agreement to Subgrant, FWS shall be entitled to receive one of the following as the remedy for Subgrantee's Default:

a. In the event Subgrantee decides to retain title to the Property, Subgrantee will obtain an appraisal of the Property and pay FWS an amount determined by applying FWS's percentage of participation in the cost of the original purchase to the then current fair market value of the property as indicated by the aforementioned appraisal.

b. In the event Subgrantee decides not to retain title to the Property, at the sole discretion of FWS, Subgrantee shall either:

1. Sell the Property and compensate FWS the amount computed by applying FWS's percentage of participation in the cost of the original purchase to the proceeds of the sale after deducting actual and reasonable selling expenses. If Subgrantee is directed to sell the Property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return. As an alternative to compensating FWS, FWS may allow Subgrantee to use the proceeds from the sale to acquire replacement property that qualifies under the Section 6 Program.

2. Transfer property to FWS or to a third party designated/approved by FWS. Subgrantee will be paid an amount calculated by applying Subgrantee's percentage of participation in the purchase of the Property to the current fair market value of the property as determined by an appraisal to be obtained by Subgrantee and approved by FWS.

5. **ADDITIONAL TERMS**

5.1. Disbursement Procedure. Grant Funds will be disbursed according to the following procedure. When Subgrantee is ready to complete acquisition of the Property, Subgrantee shall request the disbursement of the Grant Funds by sending

a letter to the Executive Director of the Wildlife Conservation Board. The letter shall be signed by an authorized representative of Subgrantee and shall contain all of the following:

- a. Name and address of Subgrantee;
- b. Number of the Agreement to Subgrant;
- c. Dollar amount of Disbursement;
- d. Name, address and telephone number of the title company or escrow holder, and the escrow account number to which the Grant Funds will be disbursed; and
- e. A statement by Subgrantee that all funds (exclusive of the Grant Funds to be provided under this Agreement to Subgrant) needed for completion of acquisition of the Property have been secured and have been or will be deposited to escrow at or about the same date as the requested Grant Funds. In making this statement, Subgrantee shall be entitled to reasonably rely on the representations of the transferor of the Property.

After approval of this Agreement to Subgrant by WCB, and upon receipt of the letter from Subgrantee requesting the disbursement of Grant Funds, State will promptly and timely (estimated to be forty-five (45) working days from the date the request is received) disburse or arrange for disbursement of Grant Funds into the designated escrow account.

5.2. Liability. Subgrantee agrees to indemnify, hold harmless and defend State, State of California, its officers, agents, and employees and FWS, its officers, agents, and employees against any and all claims, demands, damages, costs, expenses or liability based solely on Subgrantee's acquisition, ownership, or use of the Property, except as otherwise provided for in this Agreement to Subgrant.

5.3. Amendment. This Agreement to Subgrant may be modified only with the written approval of State and Subgrantee. No oral understanding or agreement not incorporated in this Agreement to Subgrant shall be binding on either of the parties.

5.4. Expiration.

5.4.1. Unless it has been terminated earlier as provided in section 5.5.1. hereof, this Agreement to Subgrant shall expire on December 31, 2007, if Subgrantee has not, on or before such date, closed escrow for the acquisition of the Property.

5.4.2. After close of escrow for the acquisition of the Property, unless this Agreement to Subgrant has previously expired or been terminated, this Agreement to Subgrant shall remain in full force and effect for the purpose of securing compliance with the "PURPOSE OF GRANT" provisions set forth above.

## 5.5. Termination.

5.5.1. Prior to the last to occur of (1) State's deposit of the Grant Funds into escrow and (2) Subgrantee's close of escrow for acquisition of the Property, either party may terminate this Agreement to Subgrant for any reason or for no reason, by providing the other party with a minimum of fifteen (15) days' written notice of such termination.

5.5.2. If and when the Property is no longer needed for the purposes of the acquisition as set forth in Section 1 of this Agreement to Subgrant and State is in agreement, Subgrantee may terminate the Agreement to Subgrant by requesting disposal instructions from FWS. Said instructions from FWS will provide for one of the following alternatives:

- i. Retention of Title. Subgrantee will retain title after compensating FWS. The amount to be paid to FWS will be computed by applying FWS's percentage of participation in the cost of the original purchase to the then current fair market value of the property as determined by an appraisal to be obtained by Subgrantee and approved by FWS. FWS's percentage of participation in the cost of the property is 28.80%.
- ii. Sale of Property. Sell the Property and compensate FWS. The amount to be paid to FWS will be computed by applying FWS's percentage of participation in the cost of the original purchase to the proceeds of the sale after deducting actual and reasonable selling expenses. If Subgrantee is directed to sell the Property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return. As an alternative to compensating FWS and with FWS approval, Subgrantee may use the proceeds from the sale to acquire replacement property that qualifies under the Section 6 Program.
- iii. Transfer of Title. Transfer title to FWS or to a third party designated/approved by FWS. The contributor of the non-federal match funds (or in the case of an in-kind match where other qualifying property is used as non-federal match credit in lieu of actual matching funds, the party that provided the funds for the purchase of said other qualifying property) will be paid an amount calculated by applying said contributor's percentage of participation in the purchase of the Property to the current fair market value of the property as determined by an appraisal to be obtained by Subgrantee and approved by FWS.

5.5.3. In the event of any termination of this Agreement to Subgrant in accordance with its terms, neither party will have any right or remedies against the other party except as provided herein and each party shall cooperate with the other party to execute such documents as may be necessary to clear title to the Property.

5.6. Authorization. This Agreement to Subgrant shall be deemed executed and effective when signed by both authorized representatives of each party and then received in the respective offices of State and Subgrantee. An authorized representative of State and Subgrantee shall sign four originals of this Agreement to Subgrant. State shall receive three completely executed originals and Subgrantee shall receive one completely executed original.

5.7. Designee. All references herein to "Subgrantee" are intended to refer to Subgrantee or its designee, successor or assignee as may be approved by State to the extent such approval is required under this Agreement to Subgrant.

6. **AUDIT**

Subgrantee shall maintain complete and accurate records of its actual project costs and shall retain said records throughout the term of the Agreement to Subgrant and for a period of three (3) years after final disbursement. During such time, said records shall be made available to the State of California for audit purposes during normal business hours. Expenditures not documented, and expenditures not allowed under the Agreement to Subgrant or otherwise authorized by State shall be borne by Subgrantee. The audit shall be confined to those matters connected with the Agreement to Subgrant, including but not limited to, the administration and overhead costs.

7. **UNION ORGANIZING**

Subgrantee, by signing this Agreement to Subgrant, hereby acknowledges the applicability of Government Code 16645 through 16649 to this Agreement to Subgrant. Furthermore, Subgrantee, by signing this Agreement to Subgrant, hereby certifies that:

7.1. No state funds disbursed by this Grant will be used to assist, promote or deter union organizing.

7.2. Subgrantee shall account for the funds disbursed for a specific expenditure by this Grant, to show those funds were allocated to that expenditure.

7.3. Subgrantee shall, where Grant Funds are not designated as described in 7.2 above, allocate, on a pro-rata basis, all disbursements that support the grant program.

7.4. If Subgrantee makes expenditures to assist, promote or deter union organizing, Subgrantee will maintain records sufficient to show that no state funds were used for those expenditures, and that Subgrantee shall provide those records to the Attorney General upon request.

The signature of the Executive Director certifies that at the Board meeting held on May 24, 2007 the Wildlife Conservation Board authorized the award of an acquisition grant to Subgrantee as provided herein.

This Agreement to Subgrant is made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, in the State of California, by and between the Wildlife Conservation Board and the County of Los Angeles, each of which does hereby agree to the terms and conditions referenced on page 1 through 8, along with Exhibits, of this Agreement to Subgrant.
